FROM OUR OFFICE ADMINISTRATOR...

Technology & Highland Baptist Church
Ok, I realize that not everyone enjoys technology as much as I do (Dave Carr does), but there are many exciting technology improvements happening at Highland Baptist Church. The purpose of this article is to let you know what we have, and how to get it.

ShelbyNext Membership App

This app is furnished with our church management software (ShelbyNext), and it can be obtained at no cost from the Apple App Store or Google Play. With it, you will have access to the church directory, and you may call or text any person listed in the church directory using the app. You will also have access to groups you are in (SS class, choir, ...), the church calendar, and online giving. Those with leadership roles (teacher, deacon, staff, ...) will have access to additional features. I recommend this for all members using a smartphone.

MinistryOne Church App

This app is also furnished as part of ShelbyNext, and with it you can do the following:

- Watch the Sunday morning worship services live, as they are happening. (Corporate worship is much better done together at 3400 27th Street, but it was nice to be able to watch the service live from Jacksonville, FL when I recently visited my family).
- Watch a previous sermon or worship service.
- Submit a prayer request.
- Submit a question or comment.
- Learn more or register for an upcoming event.

ShelbyNext Giving

If your desire is to give monetarily to the church electronically but do not need the features in ShelbyNext Membership, then this is the app you want. It, too, may be obtained without cost from the Apple App Store or Google Play.

Microsoft TEAMS

Our recent change to Microsoft Exchange e-mail servers not only provided more reliable and secure e-mail, it also gave us access to TEAMS. TEAMS allows us to share files, schedules and communications with the church staff, committees and special events (e.g. Christmas In The Highlands). A good example would be that Sarah can share financial reports with the church staff and Finance Committee by uploading the information instead of sending e-mails and making copies. This is really a very powerful tool that we plan to use extensively.

Website Links

If your desire is to have quick access to the church website for a specific and recurring feature (the HBC Evangel as one example), then this is what you need. By saving the webpage to your smartphone home page, you have "One Click, That's All" access to any part of the HBC website that you desire.

CONTINUED... We will be offering classes soon for those who are interested; and assistance will be provided for downloading the apps, completing any setup requirements, giving instructions and answering questions on any or all of the apps. If you are unsure whether or not this is for you, remember that Fran had one app not furnished with the iPhone when we married. Now she has three screens full and wakes up every morning with a smile on her face.
